Join us in DC to tell the newly elected Congress- "If you fund it, you own it! So STOP buying BUSH's WAR!"

The people voted in November 2006 to end the war in Iraq, yet Congress is poised to approve another \$93 billion, and then yet another \$145 billion, for war. Join us to stop them from making this terrible mistake by participating in our recently launched broad and exciting

Don't Buy Bush's War Campaign

We need to flood the offices, halls, sidewalks and streets of Congress with people opposed to the war from now through this Fall.

Join CODEPINK in DC, help to get people to DC, and inspire women locally to do similar actions in your district!
Come to DC this week or next!
